How Employment Income Relates to Quality of Life
Worksheet #3

Name: _____

1. Describe the sources of income available to Canadians.

2. Explain briefly the differences between stocks and bonds.

3. Are there reasons that Bobby (see page 241 in text) might be happy as a general contractor even if he makes only an average income from it? Explain.

4. Ella reads that the average Canadian will have three to five different careers during the course of working life. If she is likely to change jobs, Ella sees no reason to learn any specific job skills. Ella also thinks there is no point in identifying careers that interest her now. How would you advice Ella?

5. Compare the qualities you bring to group projects with the top 12 qualities valued by self-made millionaires (Figure 9.2 below).

A) Write a point form list of the qualities you think you have

B) Explain briefly how they help you?

C) Also list at least one quality you are still working on and explain why you need it.
